GP = geperlte Struktur

HS = Holzstruktur

ST = Steinstruktur

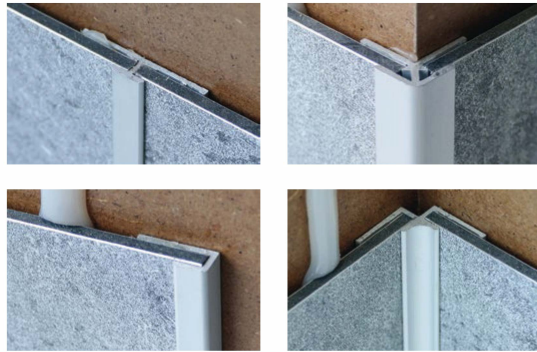

Alu-Verbundplatten SPA Design

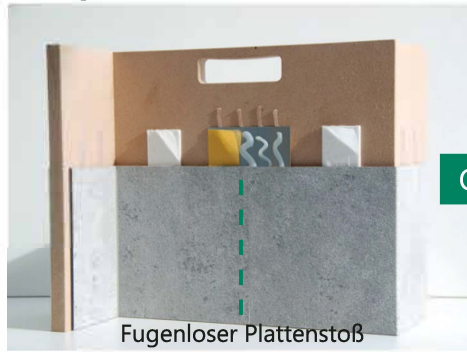

Merkmale der kreativen Alu-Verbundplatte SPA Design:

- Alu-Verbundplatten in 3 mm Stärke (Deckblechstärke 0,2-0,3 mm)
- 19 Dekore in Stein- und Holzoptiken mit unterschiedlichen Strukturen, Rückseite weiß
- Leichtes Gewicht von nur 3,8 kg pro m²
- Zwei verschiedene Maße verfügbar: 2550 x 1000 x 3 mm oder 2550 x 1500 x 3 mm
- Einfache Montage mit herkömmlichen Holz- und Metallbearbeitungsmaschinen
- Durch rückseitige Fräsnuten können die Platten gebogen werden

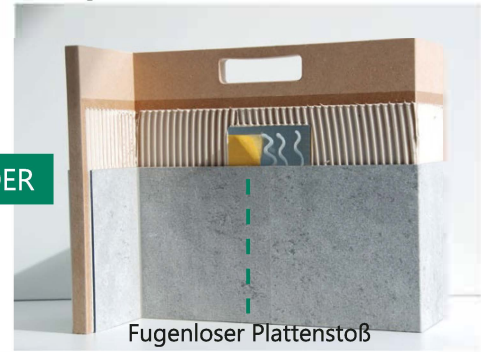

Zubehör: z.B. Profile in vier verschiedenen Farben

Montage I: Silikon & Schaumstoffklebeband

Montage II: 2K-Kleber
